Subject: Reduction of Paper RA Mailings

Effective August 6, 2018, the Department of Human Services will discontinue mailing the paper Remittance Advice (RA) notices sent via the United States Postal Service to providers who have elected to receive an Electronic Remittance Advice (ERA) also known as ANSI X12 835 file. Beginning August 1, 2018, providers will have either the choice to receive the paper RA or the ERA; the ability to receive both will no longer be an option. Please refer to bulletin 99-18-09 for additional information.
